

Evil Paradieses: Dreamworlds of Neoliberalism (Hardback)

Filesize: 2.2 MB

Reviews

This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).
(Taylor Medhurst)

EVIL PARADISES: DREAMWORLDS OF NEOLIBERALISM (HARDBACK)

The New Press, United States, 2007. Hardback. Book Condition: New. 198 x 158 mm. Language: English . Brand New Book. Eclectic thinkers, brought together by the bestselling author of *City of Quartz*, meditate on future worlds being created by unfettered capitalism. Not content with existing offshore tax shelters, multi-millionaires and property developers have aspired to build their own. To defeat the predatory outreach of nations and tides, it is clearly not enough to be offshore: true freedom floats. --from *Floating Utopias* by China Mieville *Evil Paradises*, edited by Mike Davis and Daniel Bertrand Monk, is a global guidebook to phantasmagoric but real places--alternate realities being constructed as utopias in a capitalist era unfettered by unions and state regulation. These developments--in cities, deserts, and in the middle of the sea--are worlds where consumption and inequality surpass our worst nightmares. Although they read like science fiction, the case studies are shockingly real. In Dubai, where child slavery existed until very recently, a gilded archipelago of private islands known as The World is literally being added to the ocean. In Medellin and Kabul, drug lords--in many ways textbook capitalists--are redefining conspicuous consumption in fortified palaces. In Hong Kong, Cairo, and even the Iranian desert, burgeoning communities of nouveaux riches have taken shelter in fantasy Californias, complete with Mickey Mouse statues, while their maids sleep in rooftop chicken coops. Meanwhile, Ted Turner rides herd over his bison in 2 million acres of private parkland. Davis and Monk have assembled an extraordinary group of urbanists, architects, historians, and visionary thinkers to reflect upon the trajectory of a civilization whose deepest ethos seems to be to consume all the resources of the earth within a single lifetime. Contributors include: Judit Bodnar, Patrick Bond, Anne-Marie Broudehoux, Teddy Cruz, Mike Davis, Joe Day, Marco d'Eramo, Anthony Fontenot, Marina Forti,...
