Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.These stories are developed by our Neurologists at Templeton Institute for Neurology specifically to boost the developing brain of children by triggering the power of imagination through sentences which are rich with imagery and imagination. These stories are written by cultures all over the world, and then refined by generations down to generations of story telling. They are full of life experiences, wise advice, and priceless lessons. This was the main vehicle cultures all over the world helped their youngsters learn about their grand fathers and great grand fathers accumulative experiences. In spite of the fact the scripts of these stories are written for scientific purpose, they are very entertaining. Your children will keep asking for more snuggle time with you listening to our books. This is story telling at its finest. The book is divided into 2 sets of collections: 1- Myths from around the world: These are tales from different parts of the world. They compromise the first 20 tales in the book 2- 1001 Nights: This is the collection book of hundreds of stories, some of these were featured in many of Disney productions like Aladdin, Sindbad the sailor and many others. This book is also a component of our great educational tool for teachers and home schooling by the name: The Story Teller 4th - 7th Grade. You can find and buy it at: The Story Teller 4th - 7th grade Our neurologists at Templeton Institute for Neurology implemented the following principals when they developed this educational tool. This could be used very effectively by teachers in the classroom, home schooling parents, on a parent-child special time at home, in the car commuting or...
