Reviews

An exceptional publication as well as the font employed was exciting to see. It was actually written extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

The tremendous increase in the output of scientific articles on reproduction is symptomatic of the growth of science within this field. Last year about 20,000 titles were listed. There is, consequently, a need for limited meetings, where actual problems in reproduction can be surveyed and discussed openly. In the IFA symposium in Stockholm 2-4 April 1970, 120 delegates from 18 different countries took part. The papers discussed on this occasion all have great general interest in the field of reproduction.
