Brand New Book ***** Print on Demand *****.Excerpt from A Consideration of the Introduction of Surgical Anaesthesia It is a happy conception of the trustees and staff of the Massachusetts General Hospital to set apart the sixteenth of October as Ether Day, and to provide for the annual public celebration, in this historic place, of the anniversary of that most beneficent gift of medicine to mankind, - the introduction of surgical anaesthesia. I esteem it a high honor to be invited to deliver the annual address in commemoration of the great event which took place within these walls sixty-two years ago to-day. Of the significance of this event there can be no question, whatever controversy there may be concerning the exact share of all who participated in the discovery of surgical anaesthesia. The attendant circumstances were such as to make the operation performed on Oct. 16, 1846, in the surgical amphitheater of this hospital, by John Collins Warren, upon the patient, Gilbert Abbott, placed in the sleep of ether anaesthesia by William Morton, the decisive event from which date the first convincing, public demonstration of surgical anaesthesia, the continuous, orderly, historical development of the subject, and the promulgation to the world of the glad tidings of this conquest of pain.
