TEAR DOWN THIS MYTH: THE RIGHT-WING DISTORTION OF THE REAGAN LEGACY

[DOWNLOAD](#)

Simon & Schuster. Paperback. Book Condition: new. BRAND NEW, Tear Down This Myth: The Right-Wing Distortion of the Reagan Legacy, Will Bunch, In this provocative new book, award-winning political journalist Will Bunch unravels the story of how a right-wing cabal hijacked the mixed legacy of Ronald Reagan, a personally popular but hugely divisive 1980s president, and turned him into a bronze icon to revive their fading ideology. They succeeded to the point where all the GOP candidates for president in 2008 scurried to claim his mantle, no matter how preposterous the fit. With clear eyes and an ever-present wit, Bunch reveals the truth about the Ronald Reagan legacy, including the following: Despite the idolatry of the last fifteen years, Reagan's average popularity as president was only, well, average, lower than that of a half-dozen modern presidents. More important, while he was in office, a majority of Americans opposed most of his policies and by 1988 felt strongly that the nation was on the wrong track. Reagan's 1981 tax cut, weighted heavily toward the rich, did not cause the economic recovery of the 1980s. It was fueled instead by dropping oil prices, the normal business cycle, and the tight fiscal policies of the chairman of the Federal Reserve appointed by Jimmy Carter. Reagan's tax cut did, however, help usher in the deregulated modern era of CEO and Wall Street greed. Most historians agree that Reagan's waste-ridden military buildup didn't actually "win the Cold War." And Reagan mythmakers ignore his real contributions -- his willingness to talk to his Soviet adversaries, his genuine desire to eliminate nuclear weapons, and the surprising role of a "liberal" Hollywood-produced TV movie. George H. W. Bush's and Bill Clinton's rolling back of Reaganomics during the 1990s spurred a decade of peace and prosperity as well as...
