Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

SLEEP (HARDBACK)

Rizzoli International Publications, United States, 2013. Hardback. Book Condition: New. 310 x 234 mm. Language: English . Brand New Book. An intimate, voyeuristic exploration into the private landscape of the unconscious from the Muybridge of sleep. In 1975, Ted Spagna began his voyeuristic venture into inner space, exposing the secrets of human sleep behavior by photographing intimate narratives of sleeping figures with a time-lapse camera. Taken at fixed intervals throughout the night from a bird s-eye view, and displayed in chronological order, the series of images reads like a silent film. From the erotic to the domestic, men and women alone, tender intertwined couples, and children are all psychologically and often literally naked as they dance within their sheets. Presented in brilliantly colored exposures, these sensual, cinematic images of dressed or undressed sleeping subjects depict the inherent beauty, rhythm, and organization of natural behavior. Echoing the work of Eadweard Muybridge, this unprecedented book is sure to delight art and photography lovers.
